Français

Les tubas Beuchât sont conforme à la norme EN 1972 : 2015. Les tubas BEUCHAT ne doivent être utilisés pour la respiration buccale que lors de la nage en surface.

Utilisation

L'utilisation en toute sécurité d'un tuba ne doit se faire qu'après apprentissage auprès de personnes compétentes (moniteur, maître nageur...).

Tuba classe A : pour personne à grande capacité pulmonaire

Tuba classe B : pour personne à petite capacité pulmonaire

Important! Ne jamais rallonger un tuba, risque d'accident grave.

Avant toute utilisation, s'assurer du bon état du tuba utilisé.

Mise en place

• Fixer le tuba avec le dispositif d'accrochage à la sangle du masque (2) (Clip ou passant) à droite ou à gauche du visage.

• Après avoir installé le masque sur le visage, régler la canne du tuba (1) en hauteur pour positionner l'embout buccal (4) au niveau de la bouche.

• Orienter l'embout buccal pour le mettre en bouche confortablement.

• Tenir l'embout en le serrant légèrement avec les dents au niveau des bossages latéraux (3).

• Serrer les lèvres autour de l'embout pour une bonne étanchéité.

Entretien

Après usage, rincer à l'eau douce. Faire sécher à l'abri du soleil. Stocker dans un endroit sec.

Warranty

All our products are guaranteed in compliance with current laws in the country of purchase.

Conditions de Garantie

Tous nos produits sont garantis conformément à la législation en vigueur dans le pays d'achat.
